About Chance for Childhood

We believe that a childhood shouldn't be spent on the streets, or in a war zone, or working in a field. It shouldn't be spent imprisoned at home by disability and the stigma that surrounds it. It should be spent in school, and a nurturing, safe home environment. Yet many children are robbed of their childhood by disability, conflict or extreme poverty. We help local communities to protect their children and give them the chance of a proper childhood.
